Special Thanks to our Corporate Sponsor:  
St. Vincent Carmel

## **Take Note**

One of the most effective ways to assist the Carmel Police Department is to report observed crimes and suspicious activities. A person who observes a crime or suspicious activity should call the police department as soon as possible.

Suspicious activity may include the following.

- An individual walking around a residence, looking into windows or trying to force open doors.
- An individual carrying any kind of weapon.
- Solicitors asking unusual questions.
- Unusual noises for the time of day.
- An individual running from a residence.
- An automobile driving with lights off at night.
- An automobile driving slowly through your neighborhood.
- Anything out of the ordinary to the surroundings of your neighborhood.

## **Reporting Criminal/Suspicious Activity**

What if you see something suspicious or think someone is committing a crime? Ask yourself is this an emergency? Are people in immediate danger or injury? Is there actual criminal activity taking place? If so, dial 911. For all non-emergencies call the dispatch center at 571-2580.

## **Reminder**

School is back in session. Watch your speed while driving in your neighborhood. Slow down, pay attention, and ensure the safety of students as they travel to and from school.
